

NOVELTIES FOR BOOSTING FAIR TO ARRIVE SOON

Big Advertising Campaign to be Started in About Ten Days; Entire County to be Covered

Either a fan, automobile streamer or placard for everybody is the plan of the advertising committee of the Carter County Free Fair, who already made orders for the same and will distribute them within 10 days.

Members of the committee have formulated a complete advertising campaign and intend to make it the best fair that has ever been held here or in any county in the state. A canvass of the county has been made from every angle and according to C. E. Ringer, acting secretary of the Chamber of Commerce, never before has there appeared as much interest as is now being shown. Mr. Ringer stated that a record breaking crowd was expected and exhibits that would excel any others that have ever been shown.

Work of the merchandise cash and premium committee has been completed and merchandise premiums have been distributed to the various contests. These merchandise premiums will be printed in the fair catalog this year as cash premiums have been printed heretofore.

According to Mr. Ringer, 164 merchants subscribed merchandise, totaling \$65,000. Approximately half of this number also subscribed cash, to be used for defraying necessary expenses, including band and street decorations. Others who have made it known that they were going to subscribe are asked to send their checks to Chas. Herd, treasurer of the cash fund.

WHISPERS TO HORSE AND IT QUILTS WAYS

BEIGRADE, Jugoslavina. — The world's best horseback rider is said in Belgrade to be Lt. Pietro Rudenko, once of the Imperial Russian hussars, and now a waiter at the Anglo-American Club.

He claims never to have failed to break and tame the wildest horse. He says he does not use strength and agility, but mesmerism. He takes a wild horse, slips a halter on its head, passes a rope twice through its mouth, jumps on its back without a saddle, gets a knee grip, and lets the horse rear, buck, or run at will. After the horse is tired out he pets it, whispers strange words into its ears, words known to a few Cossacks of the Sapsin steppes, and then, never again, will that horse bite or kick or disobey a man.

Pietro soon is to become trainer and horsebreaker for King Alexander.
